### ABSTRACT:

The process of accession to the European Union involves establishing an institutional and legal framework that aligns with its norms and values. Montenegro aspires to become a new EU member, but developing a sustainable multicultural policy requires profound changes in value systems. Respect for unity and diversity is crucial for societal prosperity and reflects EU values whose motto is "United in diversity". As a multi-ethnic and multicultural country, Montenegro faces challenges in integrating minority communities, and linguistic aspects play a key role in preserving cultural identity and enabling equal participation of all citizens

**SAŽETAK:**

Proces pristupanja Evropskoj uniji uključuje uspostavljanje institucionalnog i pravnog okvira koji je u skladu sa njenim normama i vrijednostima. Crna Gora teži da postane nova članica EU, ali razvijanje održive politike multikulturalnosti zahtjeva duboke promjene u sistemima vrijednosti. Poštovanje jedinstvenosti i raznolikosti je ključno za prosperitet društva i odražava vrijednosti EU čiji je moto „Ujedinjeni u različitosti“. Kao multietnička i multikulturalna zemlja, Crna Gora se suočava s izazovima integracije manjinskih zajednica, a lingvistički aspekti igraju ključnu ulogu u očuvanju kulturnog identiteta i mogućnosti ravnopravnog učešća svih građana u društvenom životu. Ovaj rad analizira u kojoj mjeri se evropske vrijednosti primjenjuju u Crnoj Gori kroz podršku jezičkoj raznolikosti i integraciji manjinskih zajednica, usmjeravajući pažnju na pravni okvir i zastupljenost manjinskih jezika u obrazovnom sistemu i medijima.
